Re: Part-145 Approvals issued subject to the provisions of the BASA/MIP agreement

Dear Sir/Madam,

Following a positive recommendation from the FAA under the terms of the current Bilateral Aviation Safety Agreement (BASA) and associated Maintenance Implementation Procedures (MIP) for :

**QUEST INTERNATIONAL MONITOR SERVICE, INC
d/b/a Quest International, Inc**

The European Aviation Safety Agency hereby encloses your Part-145 approval certificate reference:

EASA.145.5909

This certificate supersedes your JAR 145 acceptance certificate, and will be listed in the JAA list 2. Please note that this certificate has an unlimited duration.

In order to facilitate the transition process the current JAA TGL 22 should continue to be used regarding payment and applications. The JAA TGL 22 will be amended to reflect the new changes regarding the EASA Part-145 approval at the earliest possible opportunity.

You should review the conditions as specified on the attached approval certificate, in particular condition number 3 which states that all certificates of release to service must now quote the EASA Part 145 certificate number instead of the JAR 145 acceptance number.

Yours faithfully

J Hall
